### **The Passion for Growth and Personal Development by Funbi Oni-Orisan**

Every Leader must have a passion to grow, develop, improve and get more understanding in their area of expertise. You are only able to empower others when you have been empowered as well. What are your personal Growth plans and how do you want to empower others? How do you get fulfillment through your focus on your personal growth? Why is your personal growth so important? How do you initiate your personal growth journey? What effect does your personal growth have on your successful completion of your tasks? How does your personal growth inspire the growth of others?

### **The Passionate focus on Vision by Mark Schroeder**

Every Leader has to be passionate about their Vision. The Vision may not be clear always but trust your passion and follow your dominate energy. What is a Vision and why is it important to have one? What are the distractions that make you lose focus? How can you develop a clear vision that generates the passion to fulfil the Vision? Where does the inspiration for a clear vision come from?

### **The Passion for Effective Communication by Yemi Adedeji**

Communication is everything. The way you communicate affects how effective people will listen and understand. Passion in communication is a necessary tool for Leaders. What do leaders need to talk about? Does passionate communication involve passionate listening? How do leaders develop a clear and concise message?

### **Passion and Energy to Lead in your area of influence by Yemi Adedeji**

Passion creates Energy. How do you harness this Energy and use it to effectively lead? How does passion generate energy? What happens when you don't have the energy to follow through on your goals? Can passion be generated or is it in built?

### **Your attitude and how this relates to the fulfilment of your goals by Mark Schroeder**

How does attitude determine your ability to fulfill goals? What is a positive mindset and how is your mindset affected by the events taking place? What really is attitude and how does a leader stay above disappointments? Does your attitude help with team building and motivation?
